LEADERSHIP & CONSULTING EXPERIENCE

2021 – PRESENT • EXECUTIVE DIRECTOR

EdSol Technology (Thailand) Co., Ltd.

Chiang Mai, Thailand

1. Digital Education Leadership & Innovation

- Lead the full cycle of digital education product development – from concept to launch – for multilingual learning tools in Southeast Asia.
- Developed scalable, multilingual learning platforms integrating various national and indigenous languages.
- Designed and delivered a comprehensive digital reading assessment programme aligned with international literacy benchmarks for Years 1–6 of Primary School.
- Integrate global best practices in digital learning through research-led product development.
- Direct localisation strategy and curriculum alignment for diverse linguistic and cultural contexts.

2. Strategic Partnerships, Marketing & Fundraising

- Secure and manage funding partnerships with local and international non-profit NGOs and education institutions (avg. USD 45,000 annually).
- Forge partnerships with education stakeholders and lead product presentations and negotiations with school and NGO leadership.
- Represent EdSol in multi-stakeholder engagements to advocate for inclusive, tech-enabled learning solutions.

3. Business Operations and Human Resources

- Build and manage a high-performing remote team of up to 20 staff across project, product, and marketing functions.
- Implement agile HR and team management systems suited for contract-based and freelance models.
- Guide strategic planning and operational execution to support sustainable scale and impact.
